SCHMANGE RELEASES "PHASEIV CHRONICLES"

Toronto, Canada - July 31, 2006

Schmange Music U.K./ Canada announces the album release of "PhaseIV Chronicles" A double CD collection of techno rock guitar songs by popular techno guitarist Schmange. A producer, songwriter and multi-instrumentalist, Schmange not only plays incredibly talented guitar, he also plays all the instruments on his CD's including writing the songs, producing, recording and mastering them. Schmange's musical career began as a guitar player, touring Canada to perform with the ground-breaking band Essex. For the last 5 years, he has been publishing his recording techniques at GuitarTricks.com. He currently has more than 400 advanced lessons, over half a million hits and a growing fan-base of over 350,000 signed members.

"PhaseIV Chronicles" is a 2 - CD audio collection of futuristic techno-rock guitar tunes. This 31 song, original concept album includes pulse pounding techno rock, classic hard rock and even one or two ballads thrown in for good measure. The album has already been receiving worthy praise from such online sights such as GarageBand.com (**Track of the Day, Track Of The Week, Best Guitars, Best Mood, Best Programming, Most Original, Best Dance Track**) with review headlines such as "Really Electric Guitar", "Driving Music", "Quick pseudo-Metal Techno", "Awesome Hook", **Coming To a Cool Club Near You, Acid Synth Plus Heavy Rock Guitar, Mad Guitar, Pink Metal, Sounds Like a Party...Hard and Dirty!**

Phase IV has a handful of compositions worthy of booty shaking and head banging

- Philip Stone, SplendidEzine.com

As well as being added to hundreds of college radio stations and internet playlists.

"PhaseIV Chronicles" is available at online retailers including CDBaby, Zejo.com, Apple iTunes and dozens more... or through the official Schmange Homesite at <http://www.schmange.com>
